VILLAGE NURSERIES.

JOS. H. BLACK, SON & CO.,

Hightstown, N. J.

PROPRIETORS:

Jos. H. Black, Walter C. Black, Elias S. Black.

F. H. BARR, PRINTER, HIGHTSTOWN.

New Jersey State Board of Agriculture,

Office of the State Entomologist,

New Brunswick, N. J., October 8, 1898.

No. 7, 1898.

This is to Certify, That I have this eighth day of October, 1898, examined the nursery stock growing on the Village Nurseries, Jos. H. Black, Son & Co., proprietors, at Hightstown, Mercer County, New Jersey, and have found the same apparently free from San Jose Scale and other dangerously injurious insect pests; also, that the stock examined was in an apparently healthy condition.

This certificate is good only for the shipping season of the Fall of 1898 and Spring of 1899, and covers only stock actually grown on the nurseries examined.

JOHN B. SMITH,
State Entomologist.

INTRODUCTION.

We issue no regular catalogue in the fall, but owing to the generally acknowledged fact that fall is a better time to set trees, we have decided to issue this condensed list of stock we have to offer and prices attached.

To all we would say that the varieties are fully described in the last spring's catalogue except where described herein.

NOTICE.

Instructions how to order, directions how to send your money, and all other matters spoken of in full on Pages 1 and 2 of catalogue are the same now.

MAIL ORDERS filled at prices in last spring's catalogue.

STRAWBERRIES.

For instructions how to plant and how to take care of strawberries see Pages 3 and 4 of Descriptive Catalogue.

APPLES—(Continued).

A New Apple.—Bismarck.

The most remarkable apple ever introduced; one year grafts frequently produce fruit, and two-year trees seldom fail. A two-year single stem tree about eighteen inches high ripened a fine specimen on our grounds. Originated in New Zealand; has been tested in nearly every apple growing country and promises to succeed wherever apples can be grown, proving healthy, hardy, productive, and without a rival in its early fruiting quality. Tree of short, stocky growth, thick, healthy foliage, fruit large, handsome, yellow, shaded red; flesh tender, pleasant, sub-acid, good for dessert, superior for cooking, will keep well into winter.

	Each.	Per dozen.
1-year trees.....	\$0.20	\$2.00
